ANNUAL STATISTICAL REPORT FY 1983

SOUTH Dakota
Department of Revenue

OFFICE OF THE SECRETARY
R.F. Kneip Bldg.
700 N. Illinois
Pierre, South Dakota 57501-2276
Phone 605/773-3311

November 30, 1983

Governor William J. Janklow
Members of the South Dakota Legislature
and
Citizens of South Dakota

Pursuant to SDCL 10-1-35, 10-1-36, and 6-9-2, I am pleased to submit the fiscal year 1983 Annual Statistical Report of the South Dakota Department of Revenue.

The annual report is prepared in an effort to provide you with information relative to the value of property for the purposes of taxation for the current year. This report furnishes historical tax data on both the state and local level, the source of state funds, the levy of tax by purpose, and the disposition of state levied taxes. In addition, the report provides an explanation of the various state taxes and presents an outline of the Department's organizational structure.

Sincerely,

R. VAN JOHNSON
SECRETARY
DEPARTMENT OF REVENUE

SECTION I: THE DEPARTMENT OF REVENUE

The major function of the Department of Revenue is to collect and administer various taxes and license fees levied by the state and local governments. In order to do such as effectively and efficiently as possible, the Department has established five major goals. They are:

1. COMPLIANCE – – To use all available resources to insure that all taxpayers fully comply with the entire body of South Dakota tax laws;
2. UTILIZATION – – To insure efficient utilization of state funds through an expanded program of internal auditing and increased managerial supervision of all phases of Department administration;
3. IMPROVEMENT – – To aid improvement of South Dakota's tax laws by working with the executive and legislative branches to research all proposed modifications of South Dakota's tax laws;
4. EDUCATION – – To use all available resources of the Department to serve, assist, and educate South Dakota citizens with respect to the tax laws; and
5. COOPERATION – – To readily cooperate with other jurisdictions in all areas of tax administration.

During fiscal year 1983 the Department has continued several programs and activities designed to achieve the above goals. Some of these programs and activities are:

1. Development and continuation of an audit program which, through selective auditing, insures better compliance with South Dakota's tax laws;
2. The constant updating of the sales and use tax computer program to provide for more efficient processing of returns and reporting procedures;
3. The continued participation in a sales-ratio study in conjunction with the University of South Dakota for the purpose of monitoring the quality of assessment of real property (results from the sales-ratio study are used in a formula to determine state aid to education);
4. Continued participation in a soil survey program for the purposes of determining assessed values for agricultural land; and
5. Expanded programs of training, educating, and certification of property assessors and property tax administrators.

The Secretary of Revenue, appointed by the Governor, is the chief administrator of the Department of Revenue. The office of the Secretary provides effective management of the Department through budget controls and monitoring of activities to insure adherence to established objectives. The office of the Secretary designs and administers a staff support system that provides program management, budget controls, and administrative services for the Department. The office of the Secretary also provides the Governor, Legislature, and citizens of South Dakota with up-to-date information regarding various policies and programs of the Department of Revenue.

TABLE I - 2

Disposition of Revenues Generated by Taxes Administered by the Department of Revenue

Tax	Disposition of Tax Revenues
Retail Sales and Service Tax Use Tax Contractors' Use Tax	All revenues from sales and use taxes are deposited into the state general fund. Contractors' Use Tax
Uniform Municipal Sales and Use Taxes	Ninety-nine percent of the municipal sales tax and use revenues are returned to the cities with sales and use taxes. The remaining one percent is retained as an administrative charge and deposited into the state general fund.
Reservation Sales and Use Taxes	Revenues from the reservation sales and use taxes are credited to the reservations on a pro-rata basis based on the percentage of Indian-owned business and population ratios on the reservations. The state retains a pro-rata percentage of the reservation sales and use tax based on the percentage of non-Indian-owned businesses and population ratios on the reservations. Also one percent of the revenues credited to the reservations are retained by the state as an administrative charge. The revenues retained by the state are deposited into the state general fund. The remaining revenues are then distributed to the tribal governments.
Contractors' Excise Tax	All revenues from contractors' excise tax are deposited into the state general fund.
Municipal Contractors' Excise Tax	Same as Uniform Municipal Sales and Use Tax
Motor Vehicle Fuel Tax Use Fuel Tax Interstate Fuel Tax	The revenues generated by the motor vehicle fuel tax, use fuel tax, and the interstate fuel tax are first deposited into the Motor Fuel tax fund. The State Treasurer then transfers, an amount determined by the formula specified in SDCL 10-47-60.1 to the snowmobile trail fund, an amount equal to the aviation fuel tax revenue to the Aeronautic Commission, an amount sufficient to cover non-highway users refunds into the non-highway users fund, and an amount equal to the administrative costs into the general fund. After the transfers to the Aeronautic Commission and non-highway users fund are made, the State Treasurer then transfers 0.4% of the amount remaining in the Motor Fuel tax fund to the Division of Forestry and Parks. After the transfer to the Division of Forestry and Parks is made, the State Treasurer transfers 7/8 of the amount remaining into the State Highway Fund and 1/8 of the remaining amount into the County Highway and Bridge Fund.

TABLE I - 2

Disposition of Revenues Generated by Taxes Administered by the Department of Revenue

Tax	Disposition of Tax Revenues
Energy Minerals Severance Tax	The revenue generated by this severance tax is split between the state general fund and various county trust and agency accounts. One-half (½) of the revenue collected pursuant to this tax is returned to the county in which the energy minerals were extracted or severed. The remaining one-half (½) of the revenue is deposited in the state general fund. If the energy development fund has a balance of less than $100,000 then one-sixth (1/6) of the revenue is deposited in that fund until the balance reaches $100,000.
Cigarette Excise Tax Cigarette License Fee	The revenues from the cigarette excise tax and cigarette license fee are deposited into the state general fund.
Reservation Cigarette Excise Tax	Revenue from the reservation cigarette excise tax is credited to the reservation on a pro-rata basis based on the percentage of Indian population on the reservations. The state retains a pro-rata percentage of the reservation cigarette excise tax based on the percentage of non-Indian population on the reservation. Also one percent of the revenue credited to the reservations is retained by the state as an administrative charge. The revenue retained by the state is deposited into the state general fund. The remaining revenue is then distributed to the tribal governments.
Inheritance Tax	The inheritance tax is paid to the County Treasurer of the County in which the probate court having jurisdiction is located. The county treasurer remits ninety percent of the revenue collected to the State Treasurer who deposits the revenue into the state general fund. The county treasurer deposits the remaining ten percent into the general fund of his county.
Bank Franchise Tax	The State Treasurer deposits twenty-six and two-thirds percent of the revenue from the bank franchise tax into the state general fund. The State Treasurer remits the remaining seventy-three and one-third percent to the county where the bank or financial institution paying the tax is located. An exception exists regarding banks organized pursuant to SDCL 51-16-40 to 51-16-44, inclusive. Ninety-five percent (95%) of the revenue derived from these taxpayers is deposited into the general fund and five percent (5%) to the county where the bank is located.
Ore Tax	Revenue from the ore tax is deposited into the state general fund.
Coin Operated Laundromat License Fee	The revenues collected from the coin operated laundromat fee are deposited into the state general fund.
Low-Point Beer Occupational Tax	The State Treasurer remits thirteen and one-half percent of the revenue from the low-point beer occupational tax to County Treasurers to be deposited into the poor relief fund of each county. The remaining eighty-six and one-half percent is deposited into the state general fund.

SECTION II: DIVISION OF DEPARTMENTAL SERVICES

The Division of Departmental Services was established by the Secretary of Revenue under the authority of SDCL 10-1-16. The Division of Departmental Services exists to serve the Secretary of Revenue and the five tax collecting and assessing Divisions within the Department of Revenue.

1. Legal services include conducting administrative hearings, providing legal advice to the Department, assistance in the drafting of proposed legislation, and handling court litigation that involves the Department.
2. Operation services include the recording and depositing of all incoming tax revenue, maintenance of computer files, and the accounting of all the physical assets of the Department.
3. Financial services include development of budgetary data, recording of Department financial transactions, and general insurance of fiscal responsibility with the Department.
4. Research services include development and review of statistical data, and research involving legislation and regulations.
5. Internal audit services include auditing of Department programs and operations and recommendation of various improvements resulting from internal audits.

SECTION III: DIVISION OF AUDITS

SDCL 10-1-16 provides the authority for audits as a division within the Department of Revenue. Management of the Division is vested in the Director who is under the supervision of the Secretary of Revenue.

The purpose of the Division is to secure and maintain better control over payment of various taxes to the Department. It is primarily responsible, through audit verification of taxpayer records, for all revenues received by the Department according to the various laws, rules, and regulations of the state. Control over audit activities has been continued through audit assignments from the office of the Division Director.

During FY 83 the Division completed 502 audits for an assessment of $3,503,235.00 (471 sales/use and contractors' excise tax audits for an assessment of $3,401,633.00 and 31 severance and franchise tax audits for an assessment of $101,602.00).

SECTION IV: DIVISION OF SALES AND USE TAX

The Division of Sales and Use tax administers and collects the taxes levied by SDCL 10-45, 10-46, 10-46A, and authorized by 10-52. SDCL 10-45 imposes a tax of four percent upon the gross receipts from all sales of tangible personal property and services. SDCL 10-46 imposes a tax of four percent of the value of any tangible personal property or services used, stored, rendered or otherwise consumed in South Dakota, provided the tax levied by SDCL 10-45 has not been paid. SDCL 10-46A imposes a 1½% contractors' excise tax on the gross receipts of prime and subcontractors on realty improvement contracts. SDCL 10-46A authorizes municipalities to impose a ½% contractors' excise tax which is administered by the Division, provided that the city does not impose a non-ad valorem tax provided for in SDCL 10-52. SDCL 10-52 authorized municipalities to levy a sales tax, which is administered and collected by the Division.

Management of the Division is vested in the Director, who is under the supervision of the Secretary of Revenue. In addition to the primary responsibilities of administration, collection, and reporting of state and city sales and use tax, the Division also licenses all retailers, collects delinquent accounts and assists taxpayers in all areas of sales and use tax. At this writing the Division has 37,000 sales, use and excise tax licenses on file.

SECTION V: DIVISION OF MOTOR FUEL TAX

The Division of Motor Fuel Tax operates under SDCL Chapters 10-47, 10-48, and 10-49 and is responsible for the collection of all fuel taxes on motor and special fuels. In addition, the Division is responsible for the complete and comprehensive accounting for and auditing of all revenue derived under these chapters.

The Division maintains jurisdiction over the licensing and bonding of motor and special fuel dealers and special fuel users who are controlled under the above statues. Currently this includes more than 1800 licensees who deal in gasoline, gasohol, diesel fuel, heating fuels, and aviation fuels. Licensees are required to submit monthly reports and tax remittances which are checked for accuracy and then deposited in the proper motor fuel tax funds.

The Interstate User section of the Division processed quarterly reports and tax remittances for over 8000 licensed Interstate Fuel users who used fuel on South Dakota roads and highways. These users are required to report fuel consumed as well as mileage driven in all states, not just South Dakota figures. Approximately 1200 of these licensees are based in the state.

Effective July 1, 1983, the Interstate Fuel User section and personnel were transferred to the Motor Vehicle Division of the Department of Public Safety. This was done in order to consolidate motor carrier registration and regulation activities under one department of state government and thereby reduce the confusion and redundancy experienced by motor carriers (truckers) when registering their vehicles to operate within South Dakota.

The Motor Fuel Tax Refund section processed 23,711 refund claims during FY 83 and approved payment of $5,376,570.00 in refunds to claimants. The average refund claim amounted to $226.75 and accounted for 12.2% of the total gasoline tax collected during FY 83 which totaled $44,102,883.00.

The Division also maintains a field audit force of six auditors whose responsibility is to conduct assigned licensee audits. During FY 83 a total of 853 field audits were performed in addition to 152 audit reviews performed by office personnel which resulted in collections of $352,790.00 in additional taxes. These field personnel are also responsible for assisting licensees by answering compliance questions and in distributing regulatory information.

SECTION VI: DIVISION OF SPECIAL TAXES

The Division of Special Taxes has the responsibility of administration of the following taxes, fees, or programs: cigarette excise tax; cigarette license fee; reservation cigarette excise tax; inheritance tax; bank franchise tax; ore tax; energy mineral severance tax; coin operated laundromat license fee; beer, wine and distilled spirits taxes; beer and liquor license fee; alcohol beverage brand registration fee; a sales tax refund program and a property tax refund program.

Sales or property tax refunds are granted to low-income senior citizens or disabled individuals based on income and size of household. The sales tax refund for individuals from single-member households ranges from $110.00 for income levels below $2,750 to $46.00 from income levels below $4,625. The sales tax refund for individuals from multiple-member households ranges from $220 for income levels below $5,500 to $74.00 for income levels below $7,375. The property tax refund for individuals from single-member households ranges from 35% of property taxes due or paid for income levels below $2,750 to 19% of property taxes due or paid for income levels below $4,625. The property tax refund for individuals from multiple-member households ranges from 55% of property taxes paid or due for income levels below $5,500 to 25% of property taxes paid or due for income levels below $7,365.

SECTION VII: DIVISION OF SPECIAL TAXES – PROPERTY TAXES

SDCL 10-1-15 through 10-1-40, inclusive, enumerate various duties of the Secretary of Revenue relative to the fair and equitable administration of the property tax. To assist the Secretary of Revenue in those duties, under authority of SDCL 10-1-16, the Division of Property Tax was established.

The main duties of the Division are to provide assistance to local governments in administration of property taxes and to help insure that all assessments of property are fair and equitable and in compliance with the laws of South Dakota. The Division assists local governments by working with the directors of equalization and city assessors, providing field assistance in reappraisals of one or more classes of property, assisting in the appraisals of special properties, and providing data for the assessment of agricultural land based on its productive capacity. The Division helps to insure fair and equitable assessment of property by compiling and monitoring sales ratio data and training and certification of assessing officials throughout the state.

The Division monitors and checks local budget requests based on property tax revenue, and mill levy limitations. The Division also has the responsibility of assessing all railroad and utility property in the state.

The following is a brief step by step synopsis of the way in which property taxes (with the exception of centrally assessed properties) in South Dakota are determined.

Step A. The full and true value of all property in the state is determined by assessment on January 1.

Step B. Early in May each county Board of Equalization sets a percentage which will be the percent that taxable value will be of full and true value, not to exceed 60 percent. At that time the total taxable value in each taxing jurisdiction within the county will be determined.

Step C. The various taxing jurisdictions (county, school district, city, etc.) within the county submit their budgets to the county auditor. This is generally to be done by October.

Step D. Mill levies (within statutory limits) for each taxing jurisdiction are determined by dividing the budget by the taxable value within the taxing jurisdiction and multiplying the result by 1,000. For example if the full and true value of all property within a city is $10,000,000 and the County Board of Equalization determines that 40% of full and true value ($4,000,000) will be taxable value, and the city has a budget of $100,000, the mill levy is computed as follows:

taxable value = 40% x full and true value

taxable value = 40% x ($10,000,000) = $4,000,000

mill levy = (budget divided by taxable value) x 1000

mill levy = ($100,000 divided by $4,000,000) x 1000 = 25.00 mills

Step E. One mill is equal to 1/10 of a cent or 1/1000 of a dollar. Thus from the example in step D, city taxes are $2.50 per $100 of taxable value. For example, if a person has property with a full and true value of $30,000 his city taxes would be computed as follows:

taxable value - 40% x full and true value

taxable value = 40% x $30,000 = $12,000

taxes = taxable value x (mill levy divided by 1000)

taxes = $12,000 x 25/1000 = $300

Step F. Taxes are due on January 1, of the year following the assessment. One-half of the taxes must be paid by May 1 of the year following the assessment and the remaining half must be paid by November 1, of the year following the assessment. All property taxes are paid to the county treasurer.
